

# END-TO-END SOLUTIONS

# Whole

When it comes to medical devices, Tegra Medical offers the whole hog.

Count on Tegra Medical to be your end-to-end solutions provider, from DFM and prototyping to finished devices and assembly and packaging.

With our wide range of manufacturing capabilities, Tegra Medical is an expert at creating your entire medical device. We'll help refine your design and ensure it can be manufactured efficiently, prototype and pilot-produce it, and handle full-scale production.

From the "business end" to the handle and everything in between, we'll manufacture the whole device, then finish, assemble and package. With a single vendor you get your devices to market quickly and cost-effectively, with consistently high quality.

Tegra Medical is your end-to-end solutions provider from head-to-tail.

Where medical devices come to life.™
