

**Making medical devices
can be a balancing act.**

Balance

Tegra Medical gets it right.

Count on Tegra Medical to be your end-to-end solutions provider, from DFMA and prototyping to finished devices and assembly and packaging.

When your medical devices have to get to market soon, you need a contract manufacturer that offers the perfect balance of manufacturing capabilities, industry expertise, top quality and total customer dedication. We offer an impressively wide range of fabrication services, from prototyping and design refinement all the way through full-scale production.

Whether you need components or finished, packaged devices, we've mastered the art of balancing cutting-edge technology, stringent quality and flexible capacity to meet all your medical device manufacturing requirements.

Where medical devices come to life.™
